

Division C is filled with so much talent and such great people, where do I start?

I'll start with my Area Governors. I am immensely proud of my current Area Governor team.

Our 2nd year Area 24 Governor, Charlene Gondring, is keeping in touch with her clubs and making visits often to encourage them to participate fully in all that Toastmasters has to offer.

I have four first year Area Governors:

Phil Rooney, Area 20
Jolene Allen, Area 21
John Coffey, Area 22
Linda Wilson, Area 23

Being new at the job, these folks are taking every opportunity to ask questions, learn their duties, and grow with their clubs. They are all doing a fantastic job and I applaud their progress and dedication.

16 out of 18 clubs in Division C had 4 or more officers trained at our TLI sessions. This is the first year we have had this many officers trained. This is primarily due to our Area Governors' extra efforts providing special make up training sessions.

We continue to have a few clubs which struggle to grow and become stronger and other clubs which are consistently growing members and maintaining their strength. We have several low-member clubs promoting Speech Craft as a method of promoting growth and we anticipate great results.

We are looking forward to a great year of growth and positive change in Division C.

Respectfully submitted,

Marilyn Champoux, DTM
Division C Governor
